

User warning regarding the presence of illegal copies of Petzl products

→ Petzl has recently discovered Chinese counterfeit copies of its followings products:

→ These counterfeit products show serious defects which affect their performance and strength. For example:

There is a very high risk that these illegal copies will open or otherwise fail at very low loads under normal use:

- These illegal copies do not meet the requirements of safety standards (CE or UIAA)
- These illegal copies do not meet Petzl safety and quality requirements.

→ It will be very difficult for you to identify these fakes!

- Their outward appearance has been **expertly reproduced** which makes them very difficult to identify. The following have been reproduced identically:
 - Design
 - Color
 - All product markings
 - Batch number
 - Instructions for use (even the most minor details)
 - Packaging
- Only an **in-depth analysis** allows us to identify these illegal copies due to minor differences in the tools used to produce them.

→ What can you do??

Only purchase from an authorized Petzl retailer to be sure that you are purchasing a genuine Petzl product!

- If you have any doubt on the authenticity of Petzl products, please help us and contact the Petzl distributor of your country.
